INTRODUCTION ESSAY

What makes the Class of 1991 so special? I asked myself this question many a time at L.H.S., and the answer was obvious-the student body, of course. We have such a rich and diverse ethnic heritage with forty-four different cultures in our student body. But what's so unique about our class compared to others? I began to think of the faces I would see walking down the halls; innovative, friendly, creative and determined faces are what passed me by. I then began to recollect our beginning as a class in 1987. Our friendship started freshman year and grew stronger with each passing day. Now we are seniors, and the past four years are just fond memories tucked away in the back of our minds. What have we proved as graduating seniors? We proved our determination to be strong. We stood up and faced financial difficulties which could have closed our school. We also proved that during such crucial times we worked even harder, together, to achieve our goal of graduating. That year did arrive and we now stand side by side on the threshold of a new beginning. Without further delay, meet the graduating class of Lawrence High School-

the Class of 1991.

"The credit belongs to the man who is actually in the arena, whose face is marred with sweat and dust and blood, who strives valiantly, who errs, and comes short again and again, who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause; who, if he wins, knows the triumph of high achievement, and who if fails, at least fails daring greatly so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

Ski Club was once again advised by Mrs. Reusch. The club had another great year skiing the Bradford Program at Bradford Ski Area in Bradford, Massachusetts. Along helping Mrs. Reusch were President Jennifer Beatty, Vice-President Isabel Flores, Treasurer Tanya Perry, and Secretary Mary-Ann Wawszkiewicz. The club had many new and returning members who had lots of fun wiping out, landing on each other after doing jumps and also dropping a ski or pole while trying to get on the lift. But in the end everyone had a lot of fun.

Ski Club would like to thank Mr. and Mrs. Reusch, Mr. Indurre, Mr. Hutton and Mr. and Mrs. Beatty for being great chaperones and for all the laughs.

WRESTLING

The 1990 Varsity Football Cheerleading squad did a great job keeping up the Lancer Spirit at the football games. Even though the football team didn't have a winning record. The cheerleaders were there every week in their blue and white in rain, snow and sunshine supporting on the team.

During the '90-'91 basketball season the girls did another excellent job. Both squads were captained by Sharon Bennett and Co-captained by Isabel Flores and Mary-Ellen Rottler.

Unfortunately Coach Kae Lefebre will be losing most of her squad due to graduation. But the underclassmen are ready and willing to do their best in the upcoming years. The '90-'91 squad will be sadly missed.

Take an After-dinner Tour of the World

Have you ever used your family to travel the world of an evening? You can. You can go to Venice or Holland in Spain and Morocco. You can visit the Grand Canal of the old Italian city of romance and glory, you can see the diamond-miners at work in Amsterdam, the ivory merchants in old Cambay and picturesque old marketplaces and the land of bygone days in the country of the Moors.

You cannot carry a Rand McNally Atlas of the World and you may not always visit Rangoon, Burma to the Taiwan Aborigines in Cape Town, Casablanca and Shanghai—and be back by bedtime. There is no substitution for the whole family door moves nearly into a game and sharpens interest and understanding in old or young.

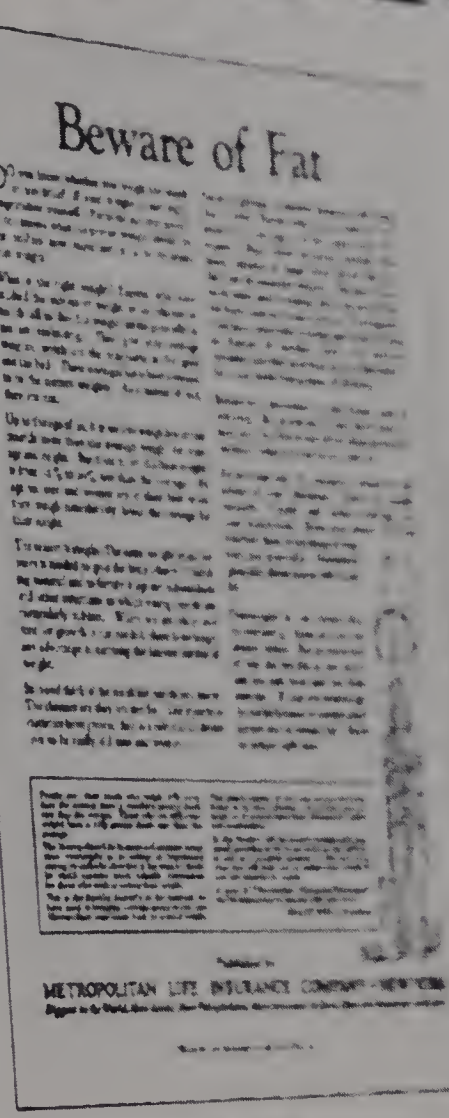

Every home should have a Rand McNally Atlas of the World. It is informative. It is fascinating. It puts knowledge, valuable, usable knowledge, at the disposal of every member of the family. It answers a thousand questions. It furnishes a thousand subjects for study and discussion—at home or in a gathering of men and women. Boundaries in Europe have changed. There are new countries now in Africa and Asia. If you've never owned an atlas, you ought to own one now. A Rand McNally is filled with a wealth of new data that will astonish you.

"When I first came to Lawrence High . . . "

This yearbook is dedicated to Dr. Stephen Jenkins because of his devotion and service to the students at Lawrence High School. We are your first full year graduating class and we are proud to be so. We thank you for your pride and commitment to **The Class of 1991.**

The yearbook is also dedicated to Mrs. Annette Burba for all you have done for the graduating class; from great field trips to candy selling, to dances and . . . You have been a great class advisor and we won't disappoint you. Thanks for your help and support. **"Your candy money is in the mail."**
